PROFESSIONAL SUMMARY

- I am an experienced iOS developer with over five years of hands-on experience, currently working at SKG Technology Joint Stock Company. I have contributed to a wide range of mobile application projects, from small-scale apps to large systems, with a focus on delivering user-friendly and scalable solutions.
- I continuously stay updated with the latest iOS trends and technologies. I'm always seeking challenging projects and dynamic environments to improve both my technical expertise and soft skills.
- My development approach emphasizes convenience, optimization, and responsiveness to users' and clients' evolving needs. I also prioritize writing clean, readable, and maintainable code to support collaboration and long-term scalability.
- Driven by a strong passion for learning, I am committed to continuous self-improvement and growing alongside modern technology opportunities.
